M. J. Crewse for Sheriff.

Mr. M. J. Crewse, of Montgomery township, formally enters the race for Sheriff of Wright county, after receiving the endorsement of the Republican County Central Committee of Wright county, in session in Hartsville, March 2nd. Mr. Crewse has served four years as deputy sheriff under Charley Sanders, and was a deputy under E. C. Hake at the time of Hake's death. Mr. Crewse was born and raised in Wright county, has been a farmer all his life, and is a highly respected citizen. If the voters of the county see fit to elect him to this position, he will not doubt make a good sheriff. He says on account of the shortness of time to the election, he will not get to see many of the people, but will appreciate their support and their votes just the same. Date of the Special Election is March 26th.—Adv.

Mrs. Edith Hake for Sheriff

Mrs. Edith Hake has formally announced that she is a candidate for the office of Sheriff, to succeed her husband, the late Mr. Hake. The County Court appointed Mrs. Hake to serve until a successor was elected and qualified. She thinks that she should have the office for the term for which a sheriff will be elected, which is until the next general election. She says that if elected that it is her intention to appoint a good competent deputy who will help her conduct the office to the satisfaction of the people of the county.

She states that she will be guided by the best legal advisors in conducting the clerical work of the office as well as other matters in connection with her duties.

She asks the support of the people of the county, as she feels that she is capable of attending to the office, and needs it to help her in caring for her small children for whom she must provide.

She is the daughter of one of Wright county's foremost citizens, Rev. L. W. Hensley, a minister in the Missionary Baptist church, who served two terms as Associate Judge of Wright county.

Mrs. Hake will be unable to canvass the county and is depending on her friends for help in this campaign, and requests that you consider her claims when you go to cast your vote.—Adv.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Huggert residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggert said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something for I didn't get any by letting it run on. 'My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me. 'It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped. 'Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others.' If suffering with symptoms such as Miss Huggert mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years. Try Cardui! Your druggist sells it. NC-133

FLAT ROCK.

Will Henderson and family visited at J. J. Turleys Sunday.

Mrs. R. Blank has turkey eggs setting. Her Dakota turkeys are doing fine.

Alma Draper stayed Saturday night with Violet Bausley and went to Sunday school.

Strawberries and tomato acreage is the talk just now. Several attended the lecture on strawberry culture last Saturday afternoon. It was all good, and all facts, but there is lots to be done yet to make this strawberry center. Let's every one that has the land suitable for berry culture get busy and put out all they can take care of. They are a short season crop, and any of us should be able to take care of a small plot at least. They come when school is out, and that will be a big thing, for any child of school age can help in the berries; and they enjoy it, too. If you never tried to see what a 7 year old boy or girl can do, just tell them you will pay them to help in the garden or berry patch, and the most of us will be surprised to see how willing they work; and it is much more benefit to themselves than playing in groups on the road or street, and no harder work either. We hope the berry club get their desired acreage, and all push the business to the limit; and not "kill the berry with the club". If we get the berry business going there will be more people come here and need homes, and we will be glad to see the "building club" busy too. Rockbungalows will make good houses and lots of the building material is right here. Let's every one get busy for the betterment of our town and community; see what we can do to bring our land from \$25.00 an acre to \$100.00, for we have the climate and material for strawberries and the building. So let's not kill ourselves with our own club, but kill two birds with one stone.

Catarrhal Deafness Cannot Be Cured

By local applications, as they "cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.—ad
